

## PROFILE

I am a Web Design & Development graduate from Edge Hill University, with a passion for application development across multiple platforms such as mobile, web and desktop. I am looking for a graduate role where I can apply this passion to continue my development journey. I am a confident developer across multiple languages such as Python, Java and PHP and I am experienced with databases. Examples of my work and projects are available on my [GitHub](#) page.

I have been building my development experience over the last 7+ years. I enjoy working as part of a team and I have often been chosen as a team leader for projects during my time at university. I am also able to work independently, being self-motivated and I love to see things through to completion. I graduated with a first-class degree having achieved a grade of 82% for my final year dissertation and an average of 83% over the three years I was a student.

[\[View Here\]](#)

2015-2017  
A-Levels  
**Queen Mary's College, Basingstoke**  
A - Computer Science, C - Applied Science, D - Geography

2013-2015  
GCSEs  
**The King's School, Basingstoke**  
9 GCSEs Grade C and Above

### WORK EXPERIENCE

2020-2021  
Intern  
**The Community Church**  
**Southport**

I have taken a year out to work as an intern at the church helping to grow and have a positive impact on the local community. Utilizing my IT skills to run their Sunday live and pre-recorded streams as well as editing content for social media and YouTube. I have also been working to deliver a new website for the church. In addition, I have been serving in many other roles such as a children's worker, youth worker and a student worker.

Summer 2019  
Experience  
Worker  
**Jaywing**  
**Newbury**

During a short work experience I learnt from experienced web developers and had the opportunity pass on knowledge I had learnt myself.

- Python
- Java (JavaFX, Android)
- PHP (Laravel, Codeception)
- HTML
- CSS/SCSS
- JavaScript/TypeScript (Node, Electron)
- Angular (Ionic)
- React
- Vue
- Jetbrains MPS
- C/C++
- C# (Unity, .Net Core, Blazor)
- Go
- Swift (IOS)
- SQL

### OUTSIDE OF MY PROFESSION

Apart from being a keen programmer in my spare time I am a keen football fan supporting Queens Park Rangers whilst also playing football when I can. I serve in my church weekly helping them utilize technology to the best of my ability (aka Sound and tech/live streaming). I am also a keen gamer and enjoy PC gaming when I can.
